Garden Checklist

By California Association of Nurserymen

1. If you plan to prune an overgrown rhododendron, the job is best done this month or early next, even though it means lopping off some flower buds.
2. Check with your nurseryman about the proper spray for deciduous fruit trees.
3. Fuchsias can be pruned after frost danger has passed. Remove potted fuchsias from pots and replace some of the old soil with new.
4. Work steer manure into flower beds and around roses if the ground is dry enough to be workable.
5. Camellias are fertilized after they bloom, but don't rush it with early blooming varieties. Next month is soon enough to start.

National Guard Camp Dates Told by Adjutant General

Camp dates for California Army National Guardsmen were announced today by Maj. Gen. Earle M. Jones, state adjutant general.

The men in 259 units from Calexico to Yreka will take their 15 days of intensive training at various Army camps and installations between March 5 and August 20th.

Estimate attendance at all Army National Guard encampments is expected to be approximately 18,500 men, General Jones said.

(Armonaut) Division, will train at Camp Roberts from June 18 to July 2. Other 49th Division elements will train concurrently at Fort Ord and Camp Irwin.

Southern California's 40th Armored (Grizzly) Division will also split its training between Camp Roberts and Camp Irwin. Elements of the 40th Division will be at Camp Roberts from July 30 to Aug. 13 and at Camp Irwin for 15-day periods from July 9 until Aug. 20.

GUARD MISSILE battalions will conduct training on-site in the San Francisco Bay area and the Long Beach-Los Angeles area.

Fort MacArthur has again been chosen as the site for the state-wide California Army National Guard Officer Candidate School, July 10-24. Current plans call for a Non-commissioned Officers Academy to be conducted at Fort Ord, Aug. 6-20.

THE ANNUAL 15-day training periods include travel time and whenever possible the units will move to and from the camp sites by military vehicles. An estimated 1500 military vehicles will move the main body of troops.

Gen. Jones said the primary aim of this year's encampment is training at the unit level in tactical assignments. Units will have a minimum of four consecutive days and nights in tactical bivouac with emphasis on realistic night training and operation under tactical conditions. Dispersion, concealment from aerial observation, local security, and protective measures applicable to atomic and chemical, biological and radiological warfare will be stressed.

FIRST OUTFIT to train will be the 168th Ordnance Company, Susanville, at Benicia Arsenal, Benicia, from March 5-19.

Selective Service Section, State Headquarters and Headquarters Detachment, is scheduled to train at the Presidio of San Francisco, May 7-21.

Most elements of Northern California's major Guard organization, the 49th Infantry

Aptitude Test Results Topic Of Conference

Parents of freshmen, junior, and senior students of Torrance High School are being invited to a discussion and interpretation of the scores of the Differential Aptitude Test recently given these students.

The discussions are scheduled as an evening meeting in the rooms of the teacher-counselors of Social Studies and Language Arts on Tuesday, Feb. 16, at 7:30 p.m.

The Differential Aptitude Tests are designed to give insight and information into the students' talents in several ability areas. An understanding by both the student and parent of the results of these tests will help in the prediction of success in the various kinds of vocations and education beyond the high school available to students today. Parents will have an opportunity to see and study the test. Student scores will be given and explained to the parents.
